Purpose: It is the policy of the Indiana Academy of Ophthalmology (IAO) to ensure balance, independence, objectivity and scientific rigor in all of its sponsored educational activities. All participating faculty, course directors, and planning committee members are required to disclose to the program audience any financial relationships related to the subject matter of continuing medical education (CME) activities/programs. Relationships of spouse/partner with proprietary entities producing health care goods or services should be disclosed if they are of a nature that may influence the objectivity of the individual in a position to control the content of the CME activity. Disclosure information is reviewed in advance in order to manage and resolve any possible conflicts of interest. This information is necessary in order for us to be able to move to the next steps in planning this CME activity.

Persons who fail to provide this information in advance of the course (allowing for adequate time for review) are not eligible to be involved in this CME activity.

Participation: We are pleased that you are willing and able to participate in this CME activity, which is accredited by the IAO. The IAO is accredited by the Indiana State Medical Association and the Accreditation Council for Continuing Medical Education (ACCME). As such, we are required to meet the ACCME's expectations for our practice of continuing medical education.

- The content and/or presentation of the information with which I am involved will promote quality or improvements in healthcare and will not promote a specific business interest of a commercial interest. Content for this activity, including any presentation of therapeutic options, will be well-balanced, evidence-based, and unbiased, and has adequate justification for their indications and contraindications in the care of a patient.

The content will not advocate for unscientific modalities of diagnosis or therapy.
- Objectives of my presentation are consistent with overall objectives of the course, and the content is relevant to participants needs.
- I have disclosed (via Disclosure Form to IAO) all relevant financial relationships. I understand these will be disclosed to the audience, if they are relevant/potentially relevant to the educational content.

- I understand that IAO CME staff may be attending the event to ensure that my presentation is educational, and not promotional, in nature.
- If I am discussing specific health care products or services, I will use generic names to the extent possible. If I need to use trade names, I will use trade names from several companies when available, and not just trade names from any individual company.
- If I am discussing any product use that is off label, I will disclose that the use or indication in question is not currently approved by the FDA for labeling or advertising.
- If I have been trained or utilized by a commercial entity or its agent as a speaker (e.g., speaker's bureau for any commercial interest), the promotional aspects of the presentation will not be included in any way with this activity.
- If I am a speaker for any commercial interest, the promotional aspects of this relationship will not be included in any way with this activity.
- If I am presenting research funded by a commercial company, the information presented will be based on generally accepted scientific principles and methods and will not promote the commercial interest of the funding company.
- If I am presenting research studies, I will include weaknesses and strengths of each study, in addition to harms and benefits of specific products. I will also discuss studies presenting different conclusions about the product, if available.

Step 4: Declaration

I will uphold the IAO CME standards to ensure balance, independence, objectivity, and scientific rigor in my role in the planning, development or presentation of this CME activity.
